Scotland's first formal Canoe Trail along the Caledonian Canal and Great Glen opens in March 2012.

With a growing number of paddlers choosing to follow this spectacular 60 mile route from Fort William to Inverness, the need for dedicated facilities and a formalised trail has evolved.

Paddler facilities now include;

- Resource Website
- Informative / Safety DVD
- Complete Trail Guidebook
- Trail Guide Map
- Orientation Panels
- Low-level Pontoons
- Informal Campsites
